Remote learning

* Remote learning allows students to access courses remotely, which can be beneficial for students who live far from school or have other commitments.
* Online learning enables students to study at their own pace and on their own schedule.
* It also provides students with flexibility in terms of time and location.

Remote learning is an effective way to provide education to students who are unable to attend school in person.

**Virtual Learning FAQ**

*If you are new to virtual learning, remote learning, or the Lincoln Public School Chromebook Program, please see the FAQ below.*

**What is remote learning?**
Remote learning is when students access instruction, assignments, and assessments outside of a traditional classroom setting. This can include online classes, live streaming, recorded lessons, and other digital resources.

**What is a cellular hotspot?**
A cellular hotspot is a device that provides internet access to multiple people at the same time. It is typically a portable device that uses cellular network technology to connect to the internet.

**What are Chromebooks?**
Chromebooks are lightweight, durable, and secure computers that run on the Chrome operating system. They are provided to students for use in school and at home, and are designed to support virtual learning.

**How do I contact LPS Help Desk?**
You can reach LPS Help Desk at 402-436-1735 or via email at helpdesk@lps.org.

**General Information**

- Student ID
- First Name
- Last Name

**Additional Resources**

- **LPS Chromebook Program**
- **Remote Learning**
- **Cellular Hotspot**

**Important Dates**

- **2020-2021 School Year**
- **2021-2022 School Year**

**Contact Information**

- **LPS Help Desk**
- **School Office**
- **Classroom Teacher**
Parents of any LPS student who will be in grades Kindergarten through 12th during the 2021-2022 school year, may voluntarily elect for their child to participate in the LPS Remote Learning Program (RLP).

Submission of this form is required to indicate that your child will attend school remotely. Student schedules will be created for the entire school year. Requested changes during a semester would follow the district’s permit process. Please submit a separate form for each child that will attend the Remote Learning Program. This form must be submitted by February 19, 2021.

Remote learning is not appropriate for all students. Students most successful in remote learning are:
* Independent learners
* Self-starters
* Willing to stay focused with limited adult interaction
* Comfortable without a lot of socialization
* Physically and mentally able to be on a computer for much of the day
* Comfortable and independent with technology
* Require minimal support services and no support services that are most effective when provided in person or one on one

* The Remote Learning Program is NOT recommended for students who are Level 1 or Level 2 English learners.

Successful remote learning situations also have the following resources available at home:
* An adult who can assist the student in getting on during their assigned class times.
* Someone in the home who can help troubleshoot technology issues.
* An adult that can help with appropriate online behavior, engagement, and work completion.
* Reliable internet at home and dedicated space for student learning where learners will be visible at all times via their Chromebook camera.

* During scheduled class times your child will be required to sign on to each teacher’s Zoom meeting using their LPS issued Chromebook. Attendance will be taken by the teacher as if the student were physically present.

* While attending remote learning, you must continue to notify the office of any absences for your child(ren).

* Neither the remote learner (student), nor the parent/guardian will record lessons, take screen shots of lessons, or post information from the class on social media concerning students in the classroom or the teacher.

* It is important to note your student may not be on Zoom the entire class time (based on teacher instruction). Your child will be required to complete work independently outside of scheduled class (Zoom-in) sessions.

* While we work to make remote learning a high-quality experience, there are some classes, courses and services that cannot be offered through remote learning. Student engagement during remote learning is the responsibility of the student and parent.

* Under remote learning certain state and/or national assessments will require the student to come to school for administration of the assessment or a parent will need to opt out of the assessment

* Students participating in remote learning will still need to follow behavior expectations listed in the Lincoln Public School Rights and Responsibilities of Student section of the Important Information Book as if they were attending school physically.

* If you don’t have internet connectivity you may contact your school office to inquire about the availability of a cellular hotspot configured to provide access only to LPS Chromebooks.

* Technical issues are possible during remote learning and are not the responsibility of the teacher. Students experiencing issues must contact the LPS Help Desk for assistance @ 402-436-1735.

**Please complete the following:**

Student Legal First Name (required)

Student Legal Last Name (required)

Student ID (required)
School Currently Attending (2020-21) (required)

Student’s Grade Level Next School Year (2021-22) (required)

Student needs a Language Interpreter – Yes or No?

Student needs a Sign Language Interpreter – Yes or No?

Parent/Guardian First Name submitting the form (required)
Parent/Guardian Last Name submitting the form (required)

Parent/Guardian Email Address (Please provide to gather additional information to assess technology resources needed to successfully attend school remotely.)
